Dear Mr. Rinehart:

I thought it might be appropriate to comment on your letter of March 7, 1966 to Mr. C. W. Whitmoyer.

We intend, in the very near future, to centralize all of the Whitmoyer patent activity in our Philadelphia office and we have recently acquired additional Counsel to assume this responsibility. Accordingly, sometime shortly I shall be in touch with you in order to arrange for the transfer of the Whitmoyer docket, both domestic and foreign, so that we can coordinate this activity in our Philadelphia office.

I appreciate very much your mentioning the tax matter since we do, of course, want to keep our records complete and current.

Yours very truly,

Everett H. Murray, Jr.
